Sponsorship Opportunities

New Name: More Great Content. The Insurance IN/sights Symposium, formerly known as the Insurance M&A Symposium, is a place where attendees can hear and learn from experts on pressing topics to best leverage data sources and walk away with tangible solutions. This year's Symposium will go beyond M&A and bring together executive decision-makers and advisors to discuss the overall state of the market and dig into risk, ESG, and the auto sector.

As a sponsor of the 2022 event, you will be positioning your brand in front of top-level decision-makers in a collegial, collaborative atmosphere ideally suited for high-level networking.

Why Participate?

- Face-to-face interaction with executives eager to discuss and debate topics relative to the industry
- Combined networking and entertainment opportunities to interact with attendees in a relaxed environment
- Placement of your firm's brand in our direct mail, email, website and a variety of branding options at the event

Maximize Your Opportunities by Engaging with Influential Decision Makers

Check out our (3) sponsorship levels as a guide. Each level can be tailored to fit your specific budget and needs. Just ask.
