

Essential Solutions for Conflicts & Dispute Resolution

As the economy becomes increasingly globalized, so do companies and their affiliates. Corporate trees are becoming more complex every day, and conflicts of interest are getting harder to identify. In order to perform effective due diligence and make thoughtful recommendations to leadership, you need comprehensive company, people, and market data to get a 360-degree view of your clients and their affiliates. We provide that data, and tools for efficient, essential research.

S&P Global

Market Intelligence

Due diligence made simpler. Conflicts research done right.

Essential solutions and intelligence, built with your workflow in mind.

Our flagship platforms:

The Market Intelligence platform

Dive deep into sector intelligence on industries essential to the global economy. Conduct relevant analysis using industry-specific metrics and tools that go deeper than generalist data allows. Supplement with proprietary news and research to get a more comprehensive view of the subject.

The S&P Capital IQ platform

Access a powerful array of financial data, analytics, and research. Our web-based platform combines deep information on companies, markets, and people worldwide with robust tools for analysis, idea generation, and workflow management.

Your focus is on your clients. Our focus is on you.

Law firms with insightful and reliable data are equipped with the competitive edge to stay on top of a changing legal landscape. S&P Global Market Intelligence provides this essential intelligence direct to you, to help understand advisory relationships, execute detailed research on companies, industries, and deals, and uncover game-changing connections.

About S&P Global Market Intelligence

At S&P Global Market Intelligence, we know that not all information is important—some of it is vital. Accurate, deep and insightful. We integrate financial and industry data, research and news into tools that help track performance, generate alpha, identify investment ideas, understand competitive and industry dynamics, perform valuation and assess credit risk. Investment professionals, government agencies, corporations and universities globally can gain the intelligence essential to making business and financial decisions with conviction.

S&P Global Market Intelligence is a division of S&P Global (NYSE: SPGI), which provides essential intelligence for individuals, companies and governments to make decisions with confidence. For more information, visit www.spglobal.com/marketintelligence.
