

Essential Solutions for Law Librarians

Digital research tools are no longer on the cutting edge—they are the status quo. This means librarians are not only the gatekeepers of a comprehensive information center, but owners of modern, real-time research. They are now critical participants in meticulous representation, and they need tools that can keep up with their changing role. We provide those tools, plus the ability to easily allocate expenses and evaluate usage.

S&P Global

Market Intelligence

Procurement made simpler. Research done right.

Company coverage that represents 99% of the world's market capitalization.

Our flagship platforms:

The Market Intelligence platform

Dive deep into sector intelligence on industries essential to the global economy. Conduct relevant analysis using industry-specific metrics and tools that go deeper than generalist data allows. Supplement with proprietary news and research to get a more comprehensive view of the subject.

The S&P Capital IQ platform

Access a powerful array of financial data, analytics, and research. Our web-based platform combines deep information on companies, markets, and people worldwide with robust tools for analysis, idea generation, and workflow management.

Your focus is on your clients. Our focus is on you.

Law firms with insightful and reliable data are equipped with the competitive edge to stay on top of a changing legal landscape. S&P Global Market Intelligence provides this essential intelligence direct to you, to help understand advisory relationships, execute detailed research on companies, industries, and deals, and uncover game-changing connections.

About S&P Global Market Intelligence

At S&P Global Market Intelligence, we know that not all information is important—some of it is vital. Accurate, deep and insightful. We integrate financial and industry data, research and news into tools that help track performance, generate alpha, identify investment ideas, understand competitive and industry dynamics, perform valuation and assess credit risk. Investment professionals, government agencies, corporations and universities globally can gain the intelligence essential to making business and financial decisions with conviction.

S&P Global Market Intelligence is a division of S&P Global (NYSE: SPGI), which provides essential intelligence for individuals, companies and governments to make decisions with confidence. For more information, visit www.spglobal.com/marketintelligence.
