

Energy

Essential Data Insights for the Complex Energy Industry

Here's our CV:

Our Energy offering pin-points the essentials so you can take action and navigate markets with confidence. From project tracking data, to financials, forecasting, and commodity pricing, our platform comprehensively covers the entire industry: power, utilities, renewable energy, oil and gas, and coal. Learn more: marketintelligence.spglobal.com/energy-sector

Global Industry News

Exclusive stories each business day:

- Real-time email alerts
- Daily Dose – our daily, early morning summary of the day's essential Energy news
- Weekly and daily alerts on Power, Natural Gas, Coal, and Renewables, all linked to corporate, market and asset-level data and documents
- Searchable story archive
- Custom Excel outputs that can be built for unique analyses
- Customizable online library

Global Corporate Finance Data

- Credit ratings
- Earnings estimates
- Corporate mergers and acquisitions
- League Tables: M&A, capital offerings, audit fees
- Plant and asset acquisitions and divestitures
- Capital offerings pricing and spreads
- Capital structure
- Underwriters and book managers
- Debt maturity profiles

U.S. Industry Data

FERC, EIA, RUS, FERC Form 1 and FERC form 2 data, and state-LDC filed operating data for regulated electric and gas:

- Residential, commercial, and industrial sales
- Wholesale and purchased power
- Plant in-service schedules
- Accumulated depreciation by type
- Power production costs
- Energy source and use
- Operating plant details
- Power, transmission, and natural gas contracts
- Natural Gas Index of Customers
- Natural Gas Daily Operating Capacity
- Natural Gas Interstate Tariffs

Supply & Demand Analytics

- Quarterly coal production
- Daily nuclear plant availability
- Weekly EIA gas storage
- Historic and future capacity
- Planned transmission and natural gas projects*
- Power supply/dispatch curves
- Hourly system loads and duration curves
- Annual load and energy forecasts
- Regional capacity, generation, and emissions*

Global Power Plant Data

- Personnel contact details at planned and existing plants*
- Location and ownership data
- Fuel and technology types
- Capacity measurements
- U.S. Monthly and annual generation
- U.S. Unit-level ownership and operations
- Power Purchase Agreements (PPAs)
- Turbine details
- U.S. fuel deliveries and consumption
- U.S. delivered coal prices and estimated transportation costs
- U.S. estimated FOB mine price
- U.S. hourly emissions data (CEMS)
- Current and planned emissions controls
- Proposed and under construction project details

U.S. Power Forecasts

- Price forward capacity and energy at 28 pricing hubs
- Peak demand, capacity, and reserve margin forecasts for 10 regions
- 20-year market indicative power curves
- 20-year unit-level financial and operational forecasts

* Denotes U.S. and Canada coverage. All other offerings are U.S. only, unless expressly marked as global.

Third Party Commodity Prices

- OTC Global Holdings natural gas and power forwards*
- ISO market pricing and loads*
- CME futures and swaps:
 - Crude oil and gas
 - Refined products and fuels
 - Emissions
 - Electricity

U.S. Market Data

- Proprietary commodity prices
- Daily peak and off-peak and forward electricity index
- Forward power prices
- Daily natural gas index
- Spark spreads, dark spreads and implied heat rates
- Coal forward prices
- Coal forecasts
- Emissions allowance prices
- RECs, CSAPR, and RGGI commentary and indexes

U.S. Regulatory Research

- Electric and natural gas state rate cases
- Pending and completed rate case analysis
- State commission profiles and rankings
- Utility securities and regulation analysis
- Water advisory

Briefing Books

Complete electronic information books custom-built in Excel or as a PDF, combining detailed reports for:

- Companies (holding and operating)
- Power plants*
- Coal mines
- M&A deals
- Capital offerings

Global Stock Highlights

- Custom stock portfolio summaries
- Stock performance and total return
- Dividend yields
- Equity indexes
- Price leaders and losers
- Market comparisons
- Composite index financials

Global SEC & GAAP Financials:

Standardized GAAP Financials for electric, gas and coal companies:

- Income statement
- Balance sheet
- Cash flow statement
- Debt schedules
- Performance metrics
- Growth rates
- Cash flow and liquidity ratios
- Executive compensation data
- Same-day earnings data
- Operating profile and segment analysis
- EBITDA and free cash flow analysis

Summaries & Charts

- Regional Power Markets Summary
- Regional Commodity Price Summary
- Demographics and unemployment
- Global M&A statistics and graphs

Interactive Mapping

- Power, coal and natural gas assets*
- Company footprints
- Electric and natural gas territories
- Advanced thematics and labeling

Excel Add-in

Real-time and web-based database of financial, corporate, operating and plant data via Excel.

- Template Library
- Commodities pricing summaries

- Debt maturity profiles
- FERC Form 1 operational and financial highlights
- Power plant ownership and operations
- Regional and company-level Dispatch curves
- Electric and gas utility company data
- Interstate gas pipeline data
- M&A data
- Rate case history
- Custom stock portfolios with summaries and highlights
- Broad-market and industry-specific indexes

Documents:

Searchable by industry, company, and filing date and document type:

- All SEC Filings for covered companies: 10-K, 10-Q, 8-K, etc.
- FERC Filings: Form 1, Form 2, Form 3-Q, Form 714
- Annual regulatory filings
- Annual and quarterly reports
- Conference call transcripts
- Earnings releases
- Financial supplements
- Integrated resource plans
- Institutional investor filings
- Gas utility filings
- Investor presentations
- LDC state-level filings
- Merger documents
- Ownership filings
- Press releases
- Prospectus
- Proxy
- PUHCA
- RFPs

* Denotes U.S. and Canada coverage. All other offerings are U.S. only, unless expressly marked as global.
