

Unlock private market insights with S&P Global Market Intelligence and Preqin

S&P Global Market Intelligence enables you to uncover new insights across the private markets through a collaboration with Preqin, the leading provider of data on alternative assets. Our coverage incorporates Preqin's data and metrics including fund profiles, contacts, fundraising, performance, deals, and exits associated with 60k+ firms and 196k+ funds across multiple asset classes.

Combine our expanding private markets coverage with our robust private company data — including coverage of 50M+ companies worldwide — for a comprehensive view of capital flows in the alternative markets. From investor targeting and manager selection during fundraising, sourcing investment opportunities, deployment of capital, to the eventual exit, you can make informed decisions at each step of the fund lifecycle.

Raise Capital

Identify potential investors researching for investment opportunities that match their fund preference.

Benchmark Performance

Compare fund performance against a set of peers or the market using the largest dataset of fund returns available.

Identify Potential New Investments

Access detailed information on privately held companies and assets to identify new opportunities.

Data Access and Delivery

Xpressfeed and Snowflake:

Seamlessly deliver Preqin's data sets into your database with our powerful data feed solutions.

- Integrate the full universe of Preqin data in any asset class into internal systems in the same delivery channels used for other S&P Global data sets.
- Connect Preqin data to complementary data from S&P Global on private companies, transactions, and third-party identifiers with entity cross-referencing.

Analyze Institutional Investor Strategies

Review allocation strategy, funds limited partners (LP) are invested in, and investor activity.

Assess Private Market Dynamics

Perform trend analysis on fundraising, dry powder, and fund performance to gain a deeper understanding of the private markets.

Research Fund Managers

Get insight into general partners' (GP) investment activity and performance, with metrics including assets under management (AUM), funds managed, total amount raised, and estimated dry powder.

S&P Capital IQ Pro: Assess fund and GP performance over time, benchmark against peers, and clearly visualize trends across the private.

- Get access to curated data from Preqin private equity/venture capital and private debt asset classes as a premium add-on within S&P Capital IQ Pro.
- Enrich your view of the private capital markets with a powerful combined view of benchmarks, fund performance, GP investments, LP commitments, transactions, rounds of funding, and more.

Global Coverage

Preqin's broad global coverage, available through S&P Global Market Intelligence solutions, spans multiple asset classes and covers 700k+ deals and exits.
