

Know the details. act with precision.

In an industry where scrutiny is an art form, Professional Services firms need a relevant and reliable market edge to find new clients and best serve existing relationships. That edge comes from us—your essential intelligence of on-target information and actionable tools for strategic planning, assurance services, and integral risk management.

Powerful Analytics

Leverage our powerful analytics to help grow your firm's business.

Uncover potential business opportunities

- Search and rank potential M&A targets or private placement investors based on detailed criteria
- Find companies in distress and screen against Credit Risk Indicators to evaluate credit worthiness
- Populate spreadsheets with financials, estimates, transactions, ownership, and market data for ease of use with our Excel® Plug-in to improve efficiency

Enhance your valuation analyses

- Access company fundamental data, adjusted for non-recurring charges, with click-throughs to source filings, to assess a company's financial situation
- View S&P Global Ratings and utilize credit models to evaluate the creditworthiness of rated and non-rated companies
- Screen for investments, transaction history, bankruptcies, or filings to tailor your workflow

Stay on top of market activity

- Stay current on industry and market moving trends
- Use the Key Developments tool to look at lending facilities, financing terms, and more

Understand corporate relationships

- Steer through the complex maze of affiliations and subsidiaries
- Find relationships across corporate boards
- Leverage our contact data, or load your own data into our CRM system, to locate professional relationships

Deep Industry Data

When it comes to analyzing complex business sectors, company financials alone don't cut it. Confidently make your important decisions with our standardized, sector-specific metrics.
