

Credit Ratings on Xpressfeed

Get speedy, seamless data delivery of ratings data from S&P Global Ratings, Moody's Investors Service, and Fitch Ratings through a single datafeed platform.

RatingsXpress is an enterprise ratings solution that delivers machine readable files containing S&P Global Ratings credit ratings in bulk.

Financial market professionals often analyze credit ratings from multiple agencies. S&P Global Market Intelligence has leveraged its experience in processing ratings data to offer the same from the three largest agencies in one single data feed, Xpressfeed. Xpressfeed is a powerful data feed management solution that delivers comprehensive data content in a relational database using predefined database schemas.

Credit Ratings

S&P Global Ratings

S&P Global Ratings provides independent credit ratings, and has issued 53,000 corporate ratings, 61,000 financial institution ratings, 6,800 insurance company ratings, 970,200 government security ratings and 85,200 structured finance ratings.

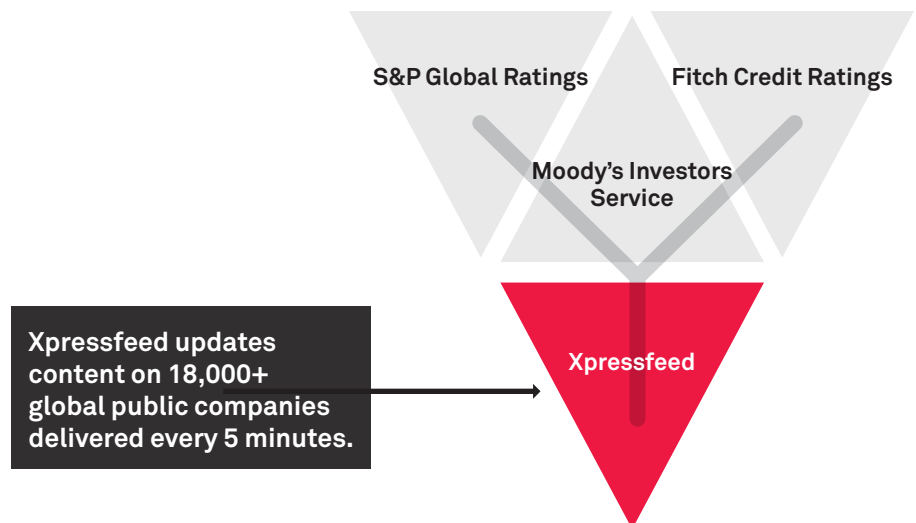

Moody's Investors Service

Credit Ratings on rated fixed-income issuers and securities for public, corporate & structured finance, as well as for rated sale, class and issue level securities.

Fitch Credit Ratings

Credit Ratings on rated fixed-income issuers and securities for corporates, financial institutions, insurance, covered bonds, structured finance, and public finance level rating data. Historical data containing over 9,800 issuers and more than 1.1 million issues, covering debt issued by more than 1,700 companies and over 350 covered bonds from 18 countries around the world.

Leverage Xpressfeed as a Single Datafeed Platform for the Delivery of Credit Ratings

Make Informed Decisions

- **Perform** broader counterparty risk analysis by viewing rating opinions from multiple providers
- **Utilize** seamless mapping between entities and securities rated by S&P Global Ratings, Moody's Investors Service and Fitch Ratings
- **Realize** cost savings in ongoing maintenance as well as future format and other delivery mechanism changes
- **Enable** integration with other S&P Global Market Intelligence data sets such as Business Entity Cross Reference Service, Global Instruments Cross Reference Services, Compustat, entity capital structure, entity hierarchy, consensus earnings estimates, ownership, deal transactions, GICS® classifications and more

Streamline your delivery with Xpressfeed

Xpressfeed capitalizes on the combined strengths of S&P Global Market Intelligence and select third-party vendors to help you enhance your proprietary analytics, financial portals, CRM systems and more. Xpressfeed provides a single integrated data source in item-level transaction files. The turnkey data loading and maintenance technology provides a reliable and efficient solution to data delivery and management you can trust. Xpressfeed's loader application has automatic schema generation that simplifies maintenance and enables a fully-populated database to be up and running quickly. Additionally, the loader runs on your side, giving you greater control over when and how the data is processed in your depository.

In no event shall S&P Global Parties be liable to any party for any direct, indirect, incidental, exemplary, compensatory, punitive, special or consequential damages, costs, expenses, legal fees, or losses (including, without limitation, lost income or lost profits and opportunity costs or losses caused by negligence) in connection with any use of the Content even if advised of the possibility of such damages.

Credit-related and other analyses, including ratings, and statements in the Content are statements of opinion as of the date they are expressed and not statements of fact. S&P Global Market Intelligence's opinions, analyses and rating acknowledgment decisions (described below) are not recommendations to purchase, hold, or sell any securities or to make any investment decisions, and do not address the suitability of any security. S&P Global Market Intelligence assumes no obligation to update the Content following publication in any form or format. The Content should not be relied on and is not a substitute for the skill, judgment and experience of the user, its management, employees, advisors and/or clients when making investment and other business decisions. S&P Global Market Intelligence does not act as a fiduciary or an investment advisor except where registered as such. While S&P Global Market Intelligence has obtained information from sources it believes to be reliable, S&P Global Market Intelligence does not perform an audit and undertakes no duty of due diligence or independent verification of any information it receives.

S&P Global keeps certain activities of its divisions separate from each other in order to preserve the independence and objectivity of their respective activities. As a result, certain divisions of S&P Global may have information that is not available to other S&P Global divisions. S&P Global has established policies and procedures to maintain the confidentiality of certain non-public information received in connection with each analytical process.

S&P Global may receive compensation for its ratings and certain analyses, normally from issuers or underwriters of securities or from obligors. S&P Global reserves the right to disseminate its opinions and analyses. S&P Global's public ratings and analyses are made available on its Web sites, www.standardandpoors.com (free of charge), and www.ratingsdirect.com and www.globalcreditportal.com (subscription), and may be distributed through other means, including via S&P Global publications and third-party redistributors. Additional information about our ratings fees is available at www.standardandpoors.com/usratingsfees.
