Private Company Data

Identify investment decisions with conviction

You need to find new opportunities that align with your investment strategy. Our private company data shines a spotlight on potential targets. With S&P Global Market Intelligence's robust private company data, you can research prospective investments; locate M&A targets; monitor companies and counterparties; and identify potential acquisitions, buyers, co-investors, intermediaries, and limited partners.

Differentiated Data

Analyze company size and growth data for building a valuation model:

- Headcount data for U.S.-based private companies sourced from the Department of Labor
 - Holding period data to understand how long investments are being held by private capital firms
 - Tearsheet revenue and EBITDA for private companies now available in Microsoft Excel Plug-In

Context for your Comparables

Accessible directly from the S&P Capital IQ platform, our data has been standardized for comparison against public company financials and market data:

- Easily locate date and source of financial metrics for private companies
 - Quickly locate a list of companies for further due diligence
 - Access pre-built and customizable comparison sets for each company profiled to gain information on competitors, etc.

Global Coverage

Proprietary information supported by data from industry experts and government agencies:

- United States
 - Brazil
 - New Zealand
 - Western Europe
 - Australia
