

Aftermarket Research

**Insightful research matters.
More reason to rely on ours.**

Access in-depth research reports from more than 1,800 brokerage, independent, and market research providers around the globe. We combine S&P Global Market Intelligence's strong research platforms with knowledgeable insights from Aftermarket Research contributors to create a comprehensive enterprise-wide research solution.

Insightful investment research matters – whether for peer analysis, idea generation, financial analysis, valuation modeling, or conducting risk assessments on companies and sectors globally. Save time and simplify your workflow with Aftermarket Research on the S&P Global Market Intelligence Platforms.

Total Coverage

- S&P Global Market Intelligence provides access to the leading database of aftermarket analyst research with more than 25 million reports available from over 1,800 contributing firms
- Use our global coverage to gather valuable and unique information on your peers or industry and monitor global industry trends and significant developments

- Our Standard collection includes research from the top global and regional firms, such as Barclays, UBS, J.P. Morgan, Deutsche Bank, Jefferies & Company, RBC Capital Markets, HSBC and Societe Generale
- Our Pay-Per-View collection allows you to access content from leading market research firms, such as Euromonitor and IDC, and credit research firms such as Moody's

Easily Navigate and Access

MULTIPLE ACCESS POINTS TO RESEARCH

The S&P Global Market Intelligence platforms take an integrated approach to information. You can locate Aftermarket Research from many areas of both platforms, including the investment research page, company profiles, and via our auditable detailed estimates in S&P Capital IQ. You can also add an investment research widget to your watchlist or dashboard, or incorporate it directly into a customized report builder.

Make Informed Decisions

PREVIEW BEFORE DOWNLOADING

Before you decide to download, learn about the report of interest by using the document preview.

Identify and preview a report of interest by using our precision searching capabilities, such as:

- **Relevancy**

Locate relevant reports, ranked according to keyword search relevancy

- **Table of Contents**

View a page-by-page summary of sections and tables in each report

- **Document Thumbnails**

Preview the contents and layout of a report before downloading

- **Keyword in Context**

Discover the context for a specific keyword or phrase of interest. Keyword searches also support synonyms and acronyms with keyword snippets and visualization to quickly surface relevant research reports

- **Multi Preview Option**

Compare and contrast multiple reports using keyword mentions, table of contents and report synopsis

Organize your downloads by using our batch preview print and download functions.

Monitor the information most important to you by creating saved searches and e-mail alerts.

Analyze your company's research download activity and allocate expenses with customizable reporting capabilities.
