

Integrated content for essential intelligence

We understand that the challenges of today’s banking industry require faster, smarter decisions, so we’re always thinking of ways to keep you more informed, developing tools to save you time – time which you can better invest into growing your business.

Use our innovative solutions to access sector-specific, comprehensive, and reliable intelligence anywhere, anytime, via desktop, web, mobile, or datafeed.

WHO WE HELP

We offer a broad range of workflow solutions for banks, including:

- **Commercial Lending** – Grow your business with qualified leads, pricing insight, and credit solutions developed for the commercial lender.
 - **Credit Risk** – Add valuable perspective to your risk management efforts, with data and tools to help you quickly build risk models.
 - **Corporate Development & Strategy** – Whether you’re looking to expand or consolidate, our insightful market data equips you to identify opportunities, set goals, and plan campaigns to achieve the results you need.
- **Finance** – Quickly compare yourself against your bank and credit union peers, monitor & measure drivers of performance in real time, and prepare insightful reports for regulators and boards.
 - **Retail Banking** – Set smart goals to maximize performance potential, and price your products with timely market data.

WHAT WE OFFER

External Market Intelligence

The Market Intelligence and S&P Capital IQ Platforms	Access fundamental data combined with sector-specific metrics and analytics, including branch mapping functionality and geographic performance data such as mortgage volume, branch trends, and bank product rates. Seamlessly jump between the research tools needed to perform deep company research and streamline portfolio analysis and reporting.
Aftermarket Research	In-depth research reports from brokerage, independent, and market research providers around the globe.
Business Cross Reference Services	Leverage our extensive global data solution that seamlessly links reference data by company, sector, and instrument, so you can better manage data integration and minimize manual processes. Our broad range of industry classifications span asset classes and markets.

Commercial Lending Solutions

Commercial Prospecting	Optimize loan prospecting and commercial lending with access to loan origination and property data for 25 million U.S. Commercial Real Estate properties, plus Commercial & Industrial UCC filings for 46 states.
------------------------	---

Solutions for Managing Risk

Credit Analytics	Stay one step ahead of credit risk with essential data, tools, and analytical models with Credit Analytics on the S&P Capital IQ platform.
Scorecards	Identify and manage potential default risks of private, publicly traded, rated and unrated companies (obligors) of any size, across a multitude of sectors, with our interactive Scorecards.
CreditPro®	Enhance the rigor and veracity of your credit risk assessments by integrating rating transition matrices and default and recovery rates, tailored to reflect your specific portfolio and risk management requirements.
RatingsDirect®	Magnify your view of the fixed-income markets across the globe with RatingsDirect®, offering credit ratings and research from S&P Global Ratings.
RatingsXpress	Direct feed of credit ratings to power internal analysis.
LEVELS®	Residential mortgage credit model helping to assess credit risk of individual or pooled residential mortgage loans.

Internal Performance Tools

SNL Banker	Seamlessly integrate data from your bank's internal systems into the SNL Banker data warehouse for a consolidated view of your bank to help you improve performance, manage risk, and automate reporting efforts.
