

## **Global Stock Markets Factbook 2013** *Factbook Content*

Welcome to the 2013 edition of <http://www.spindices.com> the *Global Stock Markets Factbook [Factbook]*. S&P Dow Jones began publishing the *Factbook* 12 years ago after 15 years of publication by the International Finance Corporation (IFC).

The 2013 edition of the *Factbook* will include sections and appendices that cover:

1. Global Economic Outlook
  - World economic statistics: 2012
  - World GNI and GNI per capita: 2012
  - Long-term net financial resource inflows into developing countries
  
2. World Stock Markets
  - Local stock market price indices
  - World stock market performance
  - World market capitalization
  - World value traded
  - World number of listed companies
  - Currency exchange rates
  - World rankings by market capitalization, value traded, size, and number of listed companies
  
3. Appendices will include information on foreign investment limits, withholding tax rates, investment regulations for entering and exiting markets, global trading costs, and sovereign rating definitions.

The 2013 edition of the *Factbook* does not include information on the following S&P Indices: S&P Global BMI, S&P Emerging Markets, and S&P Frontier BMI. This information is available via our Index Data Platform (IDP), [www.sp-indexdata.com](http://www.sp-indexdata.com), a web-based portal that delivers daily comprehensive index data. In addition to end of day index data, the platform offers news, research, and reporting functionality.

---

S&P Dow Jones Indices is the world's largest, global resource for index-based concepts, data and research. Home to iconic financial market indicators, such as the S&P 500® and the Dow Jones Industrial Average™, S&P Dow Jones Indices has over 115 years of experience constructing innovative and transparent solutions that fulfill the needs of institutional and retail investors. More assets are invested in products based upon our indices than any other provider in the world. With over 830,000 indices covering a wide range of assets classes across the globe, S&P Dow Jones Indices defines the way investors measure and trade the markets.
