

A Global Partnership

S&P/BMV Indices

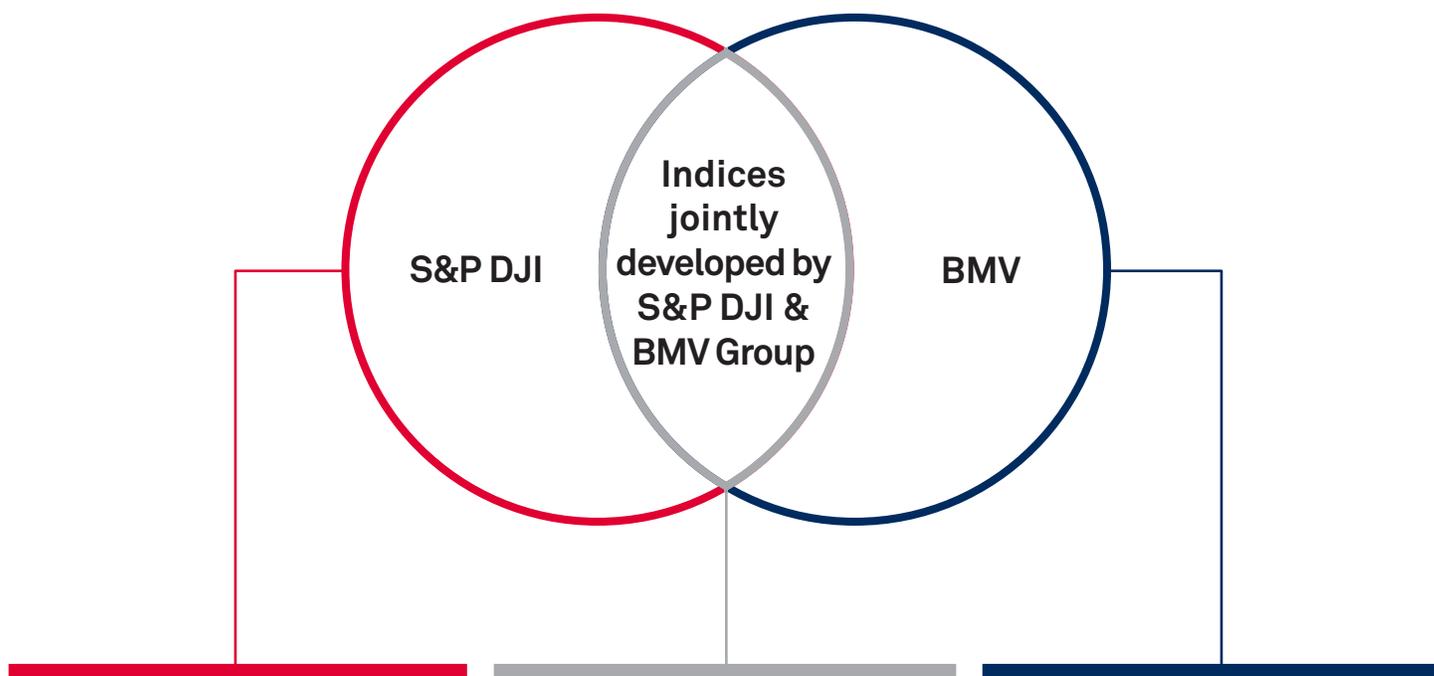

The partnership between S&P Dow Jones Indices (S&P DJI) and Bolsa Mexicana de Valores (BMV) combines the resources, presence and reach of an independent global index provider with the local market expertise of BMV, a leading exchange in Latin America with more than 120 years of experience.

A Division of **S&P Global**

Joining forces

S&P DJI has more than 120 years of experience constructing innovative and transparent solutions designed to fulfill the needs of global investors. More assets are invested in products based upon our indices than any other provider in the world. With over 1,000,000 indices covering a wide range of asset classes across the globe, S&P DJI defines the way investors measure and trade the markets.

S&P DJI & BMV are consolidating our associations in order to fulfill the changing needs of the global markets, taking advantage of the strength and positioning of both institutions for greater international presence. Our current indices include equity, strategy, risk management and smart beta indices; the S&P/BMV indices adhere to international regulatory standards with a renewed governance body through the index committee integrated by S&P and BMV members supervising the general guidelines of the policies and methodologies. Jointly we will develop new indices that transmit confidence, solidity and experience to serve as the basis for new benchmark products, funds and ETFs in benefit of the financial markets.

The BMV Group has been a public company since 2008, and it is a fully integrated exchange that offers listing, trading and post-trading services, along with value-adding services such as market data, prices, valuations and indices. The BMV Indices are recognized globally as the main benchmarks for the Mexican markets. With a modern technological infrastructure, the BMV is the natural destination for local and international participants seeking access to a consolidated and experienced stock market in Mexico.
