## CORE ESG

These index families include best-in-class approaches like the DJSI, targeting the top 10% of ESG performers, as well as broader market indices like the S&P 500® ESG Index, designed to closely track its parent index with a similar risk and return profile and low tracking error.

### S&P ESG Index Series

Broad-based, market-cap-weighted indices that are designed to measure the performance of securities meeting sustainability criteria, while maintaining overall industry group weights similar to those of their benchmarks.
