

The S&P China Bond Index Series

The S&P China Bond Index is designed to measure the performance of the China's local currency government and corporate bond market. The S&P China Bond Index is part of a broad benchmark index series that includes the S&P China Government Bond Index and the S&P China Corporate Bond Index, which are accompanied by subindices.

These indices offer independent pricing, have rules-based methodologies, and they are highly transparent. They are calculated in Chinese renminbi (CNY). Please refer to the indices' methodology documents on www.spdji.com for more details.
