## S&P Dow Jones Indices to Calculate Premia FactSet Asia Innovative Technology Index

HONG KONG, AUG 6, 2018: S&P Dow Jones Indices ("SPDJI"), one of the world's leading index providers, today announced that it has been appointed by **Premia Partners** and **FactSet** as the custom calculation agent for the <u>Premia FactSet Asia Innovative Technology Index</u>. According to FactSet's methodology, the index tracks companies engaged in emerging, disruptive and specialized technologies, products and markets across multiple sectors including consumer, finance, industrials, healthcare and technology.

**Marius Baumann, Global Head of Custom Indices at S&P Dow Jones Indices** said, "Through S&P Dow Jones Indices' independent and flexible custom index service, our clients are able to design indices to meet their specific requirements. We are pleased to support Premia Partners and FactSet in calculating this custom benchmark."

"As investors are increasingly interested in the secular trends of digital transformation, healthcare and life science, robotics and automation, we are excited to work with FactSet and S&P Dow Jones Indices to bring to investors an efficient tool to capture such opportunities through a rule-based approach that covers a diversified array of innovative leaders in these technology enabled sectors." said **Rebecca Chua, Managing Partner of Premia Partners**.

"We are delighted to have S&P Dow Jones Indices acting as the calculation agent for the Premia FactSet Asia Innovative Technology Index. We very much value S&P Dow Jones Indices' extensive experience, insight and flexibility throughout this calculation collaboration." said **Nancy Zhang, Lead Strategist, Quantitative Index Solutions at FactSet**.

## ABOUT S&P DOW JONES INDICES

S&P Dow Jones Indices is the largest global resource for essential index-based concepts, data and research, and home to iconic financial market indicators, such as the S&P 500<sup>®</sup> and the Dow Jones Industrial Average<sup>®</sup>. More assets are invested in products based on our indices than products based on indices from any other provider in the world. Since Charles Dow invented the first index in 1884, S&P DJI has been innovating and developing indices across the spectrum of asset classes helping to define the way investors measure and trade the markets.

S&P Dow Jones Indices is a division of S&P Global (NYSE: SPGI), which provides essential intelligence for individuals, companies, and governments to make decisions with confidence. For more information, visit <u>www.spdji.com</u>.
