

## S&P Global Dividend Aristocrats Index Consultation on Constituent Weighting Results

**NEW YORK, MARCH 21, 2019:** S&P Dow Jones Indices (“S&P DJI”) has conducted a consultation with members of the investment community on a potential change to the S&P Global Dividend Aristocrats Index. S&P DJI considered adding a regional weight cap to the index’s constituent weighting scheme whereby the weight of each region would be capped at 5% above its regional weight within the S&P Global BMI.

S&P DJI will not make any changes to the index’s constituent weighting scheme at this time. The index will continue to follow its current constituent weighting scheme as described in the S&P Global Dividend Aristocrats Index Methodology available [here](#).

### ABOUT S&P DOW JONES INDICES

S&P Dow Jones Indices is the largest global resource for essential index-based concepts, data and research, and home to iconic financial market indicators, such as the S&P 500® and the Dow Jones Industrial Average®. More assets are invested in products based on our indices than products based on indices from any other provider in the world. Since Charles Dow invented the first index in 1884, S&P DJI has been innovating and developing indices across the spectrum of asset classes helping to define the way investors measure and trade the markets.

S&P Dow Jones Indices is a division of S&P Global (NYSE: SPGI), which provides essential intelligence for individuals, companies and governments to make decisions with confidence. For more information, visit [www.spdji.com](http://www.spdji.com).
