INDEX ANNOUNCEMENT

S&P/BVL Peru Select and S&P/BVL Peru Select 20% Capped Indices Consultation on Constituent Selection Criteria – Results

MEXICO CITY, AUGUST 21, 2023: S&P Dow Jones Indices (“S&P DJI”) has conducted a consultation with market participants on a potential change to the S&P/BVL Peru Select and S&P/BVL Peru Select 20% Capped Indices.

In order to ensure a minimum stock count due to deteriorating liquidity conditions in the Peruvian market, S&P DJI is changing the constituent selection process.

The table below summarizes the change:

<table>
<thead>
<tr>
<th>Changes</th>
<th>Previous Methodology</th>
<th>Updated Methodology</th>
</tr>
</thead>
<tbody>
<tr>
<td>Constituent Selection</td>
<td><strong>Constituent Selection.</strong> All companies that satisfy the eligibility criteria listed in the methodology are selected and form the index.</td>
<td><strong>Constituent Selection.</strong> At each rebalancing, the index selects all companies that satisfy the eligibility criteria listed in the methodology. If there are less than 10 eligible stocks, rank the next most liquid stocks based on 6-month MDVT. Add the stocks with the highest MDVT to the index until the constituent count reaches 10. If at this point there are still less than 10 constituents, the index will have less than 10 constituents. If the stock count were to fall below 8 in the period between rebalancings, add the next most liquid stocks based on 6-month MDVT that meet the remaining eligibility criteria until the target count of 10 is reached. The effective date of the addition is the same date as the deletion effective date. The 6-month MDVT reference date for additions is the same reference date used for the latest rebalancing.</td>
</tr>

</table>

IMPLEMENTATION TIMING

S&P DJI will implement the previously described methodology changes prior to the market open on **Monday, September 18, 2023**, in conjunction with the September annual rebalancing. The changes will first be visible to clients in pro-forma files beginning on **Friday, September 8, 2023**.
