

Decommission of Certain Dow Jones Best-in-Class Indices and Other ESG Indices

September 19, 2025: Effective after the close of **Friday, January 23, 2026**, S&P Dow Jones Indices will no longer calculate end-of-day and real-time calculation of the attached list of **Dow Jones Best-in-Class and Other ESG Indices**. Over the past several months, S&P Dow Jones Indices has reviewed ESG and Sustainability index offerings and identified indices that appear to have limited use by the market. In an effort to ensure we can focus on providing the highest quality indices, we are announcing the removal of the indices in the file linked below from our product offering. Some end-of-day files will be impacted, and others will no longer be posted to the S&P Dow Jones Indices SFTP (EDX) site as of that date.

This would also include NC, NCS, NS versions of the files where applicable.

Details about the indices are provided in the link below.
